ABOUT ME

I am a Cybersecurity Specialist with a Computer Engineering background and over 5+ years of experience in Web Application Penetration Testing, WordPress Malware Removal and Website Security. Skilled in using Burp Suite, Nmap, WPScan, Metasploit and Nessus, with strong knowledge of Python, PHP, JavaScript and MySQL. Passionate about securing websites, improving performance and helping businesses stay safe online.

WORK EXPERIENCE

Accenture Limerick, Ireland

Cybersecurity Specialist & WordPress Malware Removal Expert

01/02/2020 – 02/01/2025

- Conduct in-depth web application penetration testing to identify and mitigate vulnerabilities.
- Detect, remove and prevent WordPress malware, phishing scripts and backdoors.
- Implement strong security measures including firewalls, server hardening and continuous monitoring.
- Provide custom cybersecurity solutions ensuring data integrity and website uptime.
- Advise clients on best practices to enhance online security and protect digital assets.
- Successfully secured and maintained over 1200+ websites for international clients, ensuring reliable and safe performance.

EDUCATION AND TRAINING

01/06/2016 – 01/06/2020 Dhaka, Bangladesh

Diploma in Computer Engineering Faridpur Polytechnic Institute, Faridpur

Field of study Diploma in Computer Engineering | **Final grade** 3.58 out of 4.00

01/01/2010 – 01/01/2015 Dhaka, Bangladesh

Secondary School Certificate Kazi Ualiullah High School, Kaulibera, Bhanga, Faridpur

Field of study Science | **Final grade** 3.39 out of 5.00

SKILLS

Expert in Computer Engineering | Cybersecurity and Ethical Hacking | Web Application Penetration Testing | WordPress Malware Removal | Website Performance Optimization | Vulnerability Assessment and Penetration Testing | Expert in Burp Suite, Nmap, WPScan, Metasploit and Nessus tools | Expert in HTML, CSS, JavaScript, Python, PHP, MySQL | Kali Linux | Security Hardening | Firewall Configuration and Server Protection

LANGUAGE SKILLS

MOTHER TONGUE(S): Bengali

Other language(s):

English

Listening B2

Reading B2

Writing B2

Spoken production B2

Spoken interaction B2

PROJECTS

01/02/2020 – 01/02/2025

Vulnerability Assessment and Penetration Testing Project

Web Application Penetration Testing:

Performed full scope testing using Burp Suite, Nmap, Nessus to identify and fix vulnerabilities, ensuring secure user data and strong system protection.

WordPress Malware Removal & Security Hardening:

Detected and removed malware from infected websites, implemented firewall and server protection and improved site performance and uptime.

Vulnerability Assessment & Ethical Hacking:

Conducted VAPT following OWASP standards using Metasploit, WPScan and manual testing methods to strengthen website defenses.

EXTRA CURRICULAR ACTIVITIES

01/03/2020 – 10/05/2025

Ethical Hacking Practice and Skill Enhancement

Participated in multiple online cybersecurity challenges and Capture the Flag (CTF) competitions to enhance ethical hacking skills.

Built and maintained a personal Cybersecurity Lab for practicing penetration testing, malware analysis and exploit development using Kali Linux.

Regular contributor to cybersecurity communities and forums, sharing insights on WordPress security and vulnerability assessment.

Completed several self paced courses and workshops on network security, ethical hacking and web application protection.

Developed small demo projects focused on firewall setup, malware removal and website performance optimization.

Passionate about continuous learning in Cybersecurity, Web Security and Emerging Threat Analysis.

DRIVING LICENCE

Driving Licence: B

Driving Licence: Bangladeshi
